## FOR MERCEDES AND VW CRAFTER

Available two different Front solution

Features in different versions

**Version 0708-105**

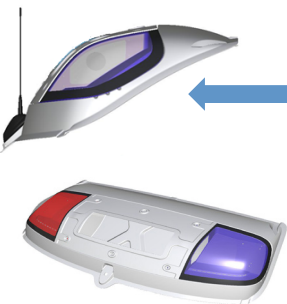

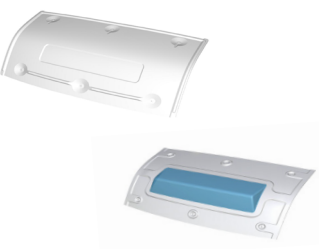

This new version does not need to have cutting to the front part of the roof but have less room in a middle and light casings

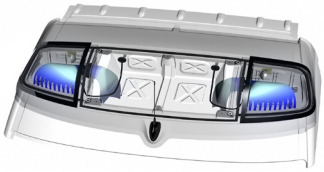

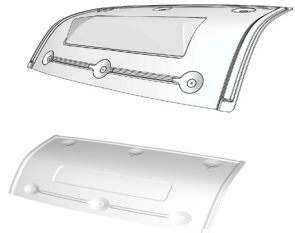

**Version 0708-101**

This version is recommended in case where lots of space is needed in a middle part and inside light casings

Mercedes 316 and 319 models, 3665 mm wheel base, middle high roof. Fort VW Crafter with similar chassis. Basic color is white, material paintable
